

Taste of Summer Cardmaking Workshop

Even though it's National Scrapbooking Month, we want to make sure those of you who love cards also get to join in the celebration! This card workshop is intended to be used as an alternate—or addition, depending on which designs you choose and how many cards you make—to the Taste of Summer Scrapbooking Workshop. Use the featured photos, layout patterns, materials lists, and tips below to create the cards shown—four each of three designs. Remember that each card design can be used with different paper pairings from the fresh Taste of Summer paper packet; as such, we have not provided cutting diagrams for these cards, so feel free to mix and match papers to your heart's delight!
